

## Mehrasons Jewellers - Kada Size Information

Inner Diameter  
Measurement

### Determining your kada size

1. Select an existing kada that fits you properly.
2. Take a scale/ruler and place it along the center of the kada  
From one inner end to the other inner end to measure the inner diameter of the kada.
3. Find and note your reading in inches, which is your kada size.
4. Ensure that you have measured and noted the inner diameter and NOT the outer diameter of the kada.

### Please Note

In case you do not find your kada size or wish to custom make the kada of your choice in your size, please contact customer care on +91.11.4567-0717 or write to us at [customercare@mehrasonsjewellers.com](mailto:customercare@mehrasonsjewellers.com)
