

Mehrasons Jewellers - Ring Size Finder

Please print this document. Ensure that page scaling is set to 'none' on the print dialogue box as it affects the size depicted in this document.

Determining your ring size

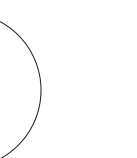

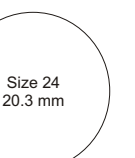

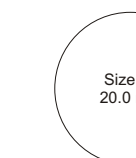

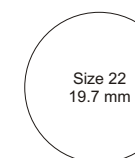

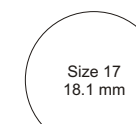

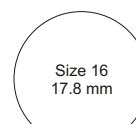

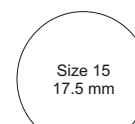

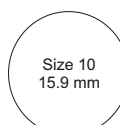

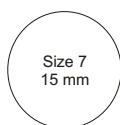

1. To determine your ring size, you would need an existing ring that fits the intended finger properly.
2. Place the ring over the circles shown below and try to match the inner diameter of the ring to a circle that is closest to it.
3. The circle that is the closest to the inner diameter of your ring would reflect your ring size.
4. In case you find that your ring falls between two sizes, we suggest you to purchase the larger of the two sizes.

Inner Diameter
Measurement

Please Note

1. International ring sizes often differ from Indian ring sizes shown below. To find your Indian ring size by comparing it to an international size, please refer to the international ring size chart below.
2. In case you do not find your ring size or wish to custom make the ring of your choice in your size, please contact customer care on +91.11.4567-0717 or write to us at customercare@mehrasonsjewellers.com
